| the State of South Carolina. |) SOUTHERN BELL |

Petracom Corporation (Petracom or the Applicant) filed an Application with the Public Service Commission of South Carolina (the Commission) for a Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services in South Carolina. Petracom proposes to offer inbound and outbound long distance services, conference service, directory assistance, and operator toll assistance services to its pre-subscribed customers.

Following the notice issued pursuant to the instructions of the Executive Director, Southern Bell Telephone and Telegraph Company (Southern Bell) moved to intervene as a party of record in this case. This matter comes before the Commission on Southern Bell's Motion to Withdraw its intervention in this matter. Southern Bell states that it had communicated with Petracom about its activities, and that Petracom had stated that it would conduct all of its activities in concert with established policies and guidelines of the Commission, including especially those guidelines established in Order No. 93-464, dated June 3, 1993,

with regard to the completion of any intraLATA calls, and that Petracom would not complete any local calls.

The Commission has examined this matter and believes that the Motion to Withdraw should be granted. This Order shall remain in full force and effect until further Order of the Commission.
